

Multimedia Volunteer

Volunteer Role Description

Across the UK we deliver variety of projects to innovate, streamline and improve our services for people affected by MS. And we're looking for volunteers with specialist skills to help deliver them.

As our Multimedia Volunteer you'll play a vital role in providing technical experience to help out with our video and photography projects. You'll contribute creatively to scriptwriting, storyboarding, writing interview questions and production management.

In this role you'll be able to develop your technical skills in recording and audio equipment, post production software and basic lighting set up.

Most importantly you'll help deliver creative projects that support people affected by MS.

What the role involves

This role may vary depending on needs, but is likely to include:

- Operating DSLR camera for stills and video
- Operating other MS Society owned video cameras
- Using audio recording equipment
- Using post production software like Photoshop, After Effects and Premier Pro
- Uploading content on our in-house asset management system and distributing content via online platforms such as YouTube
- Contributing creatively to; scriptwriting, storyboarding, writing interview questions and production management
- Supporting contributors with the creative process where needed

We can support you to develop the skills you need for this role, including an induction into all the areas outlined. You will have a chance to discuss your role and any additional needs with us.

Together, we are strong enough to stop MS.
