

Peer Support Volunteer

Volunteer Role Description

Across the UK we deliver vital services and support for people affected by MS. We connect people to our services and support, and to other people in our MS community. This helps to create a sense of belonging, unity and shared experiences.

As our Peer Support Volunteer, you'll help people with MS overcome barriers in their lives by sharing your own experiences of MS and signposting to local and national services.

In this role, you'll be able to develop your listening, communication and people skills, as well as your knowledge of MS and local services.

Most importantly, you'll support people affected by MS to access the help they need.

What the role involves

This role may vary depending on needs and is likely to include:

- Sharing your own experiences of MS
- Learning about the sources of support our service users need
- Liaising with our service users to understand their needs and supporting them to achieve their goals
- Supporting service users to improve their wellbeing, reduce stress, isolation and increase their social networks
- Signposting to other sources of support, including our Living Well services, Helpline, health and social services, MS professionals and local group activities
- Regularly meeting with our services users to make sure they are on track with the support you provide
- Listening to and recording their views on the service as they leave the scheme.

You can carry out this role from home or one of our national offices, depending on where the role is based. We will support you in remote volunteering and in developing the skills you need for this role, including
