

Different Types of fundraising pages

There are three types of fundraising pages you can set up:

1. Individual (for supporters)
2. Team (for supporters)
3. Appeal (for group activities)

1. Individual fundraising pages (like a Just Giving page)

These are set up by anyone via your group profile page, clicking the 'Fundraise for us' button at the top for:

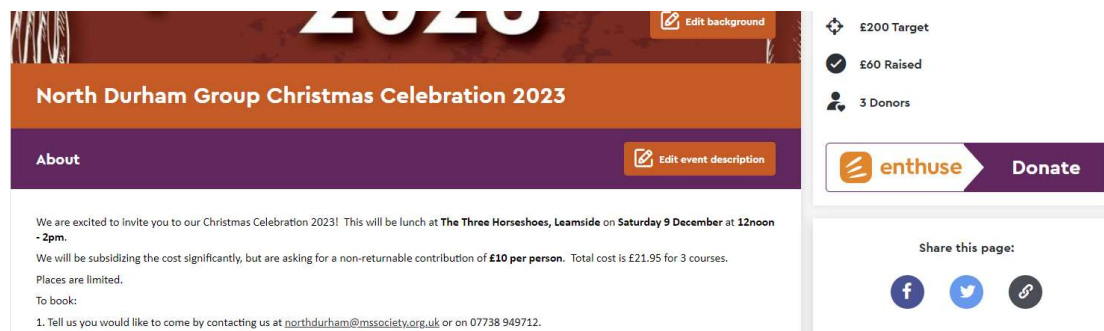

- Sponsorship events
- Birthdays, weddings, in memory

2. Team fundraising pages

If there are a few people doing a sponsorship event, they can create a team. They will also set up their own individual pages but also have this 'team' page to create competition and pool their fundraising targets.

3. Appeal pages

Appeal pages are set up by your Community Fundraiser centrally for you. They are for group-wide causes such as:

- Events
- Lunches
- Campaigns (selling things)
- Services

Please use the link below to ask for a page to be set up:
